# FASSISTS CAPTURE PORT OF MALAGA

## PERSONALITY IS THE WRAPPER OF ONE'S ABILITY

Schenectady, N. Y.  
Man Tells Gallag-  
her Students.

### ANNUAL EVENT

Ability, like merchandise, must be wrapped up in an attractive package in order to sell readily and personally is the wrapper of the individual, according to Marvin L. Frederick, employment supervisor for the General Electric company of Schenectady, N. Y., who spoke at the 14th annual banquet of Gallagher school students and alumni Saturday evening in the Masonic temple.

Mr. Frederick's address was entitled, "The Importance of Personality in Business Success and What We Can Do About It." He was introduced by Richard Janssen, treasurer of the Gallagher Alumni association. There were several hundred in attendance at the banquet which was followed by a dance.

After propounding the query, "what is personality?" Mr. Frederick said:

Most Important  
"Personality is the most important thing about you. Personality is what you do about things, or the sum of your habits and mannerisms, which determines the extent of your influence on people."

"Personality is what other people think about you—not what you think of yourself. Of course, intelligence is important, too, and that is what you know about things."

The speaker pointed out that children growing up from large families usually have better personalities than an only child—they are less self-centered. Also, those who attend Sunday school, who have chores to do and those who must earn their own spending money develop more personality than those who do not.

Strugglers Win  
"You often hear a parent who has made himself a success in life, although he spent his childhood in poverty or at hard work on a farm, tell others that now that he has money that his children will not have to struggle as he did when a boy. He gives them every advantage—education, money and an automobile. Well, he's really not doing them a favor at all because it has been proved time and again that those who must struggle for it achieve the most success."

"Personality is not a veneer to be put on at will—it must be sincere and natural. The best way to get people to like you is to like them. There's no substitute for liking people as an index to your personality."

## Rotary Club Is Organized At Manteno

Twenty-seven charter members of the Manteno Rotary club launched their activities today with a dinner meeting at the home of Mrs. Marjorie Stewart. Meetings will be held hereafter every Monday at the homes of various members.

Dr. Ralph T. Hinton, managing officer of Manteno state hospital, took office as the club's first president; W. C. Harvey is secretary, J. P. Maisonneuve, treasurer, B. C. Madison, sergeant-at-arms, District Governor John A. Mayhew was present to instruct in the by-laws, purposes and ideals of Rotary.

Besides the officers named above other charter members include F. E. Kiley, Fred H. LaRocque, Maynard O. Weber, H. W. Elliott, Frank T. Kruger, Dr. R. V. Thomas, Dr. E. J. Gagnon, Carter Euziere, S. T. Shreffler, E. L. McCray, Joseph O. Smith, Frank Keizer, N. M. Christensen, Emil Thies, G. L. McKee, Everett L. Butler, Edmond A. Smith, Edmund P. Smith, Alex McLaughlin, C. V. VanNeste, C. F. O'Connor, Lester Chobor, Herman Smith.

The club starts off with four Smiths—and two of them named "Ed."

## KENNEDY TELLS WOMEN VOTERS ABOUT OFFICE

Superintendent of  
County Schools  
in Address.

The duties of the office of the county superintendent of schools were recited Saturday afternoon at the meeting of the Kankakee County League of Women Voters in the gold room of the Hotel Kankakee. The speaker was Clarence J. Kennedy, county superintendent, who was introduced by Mrs. Earl Francis, chairman of the department of government and its operation.

The speaker said that when he entered the office he thought it was a general principalship office in which the activities of teachers were directed, textbooks studied and reported upon and methods of education suggested and enlarged upon. Since then, he said, he has discovered he is really an office boy for the state department of education and that the office is an executive one entailing many duties, all of which are demanded by state statute.

Handles Funds  
He stated that during a year between \$130,000 and \$150,000 in school funds are handled through his office. He must make a detailed report once a year to the state department of education; another to the county board of supervisors; hold examination for teachers; advise teachers and school officers and conduct a teachers' institute which, he said, belongs to the "horse and buggy age."

He described the qualifications for teachers—four years high school and two years normal school training which gives them a state certificate.

Most of the laws under which the office is conducted are found in the constitution of 1870 and many of them need clarification, revision and reorganization, Mr. Kennedy said. According to law, the state assembly is the supreme school authority.

## Tally Ho! The Fox Chases Hunter—That's Real News

Louis "Cookie" Koukes, bartender at the LaFayette grill, has an idea how Reddy the fox feels when being relentlessly pursued by men with clubs on a fox hunt. Reddy tumbled the tables on him Sunday afternoon during the hunt conducted by the Sportsmen's club.

In fact, Louis would go so far as to recommend that a poor defenseless man ought to have something besides a club with which to track down the ferocious beast. Louis arrived late at the Sportsmen's club hunt near Exline yesterday.

About 150 men had encircled a section of land and were closing in on it; attempting to flush out a fox (if one was in the region) and take him alive. Driving along the road

## LENTEN SEASON WILL BE OPENED ON WEDNESDAY

All Catholics and  
Some Protestants  
Observe It.

### CHURCH SERVICE

The season of lent, which commemorates the 40-day fast of Christ in the wilderness, begins Wednesday and continues until Saturday noon, March 27, the day before Easter Sunday.

It is a period of fasting and abstinence, which is observed throughout the Christian world, the Catholic, Episcopal and Lutheran church more rigidly observe the season than members of other faiths.

The regulations for the lenten season for Catholics as outlined by Cardinal Mundelein, for this archdiocese are that all days of lent are fast days, Sundays excepted. Wednesdays and Fridays, and Holy Saturday until noon and the embers days are days of both fast and abstinence. Fast days are those on which meat may be served once, at the principal meal, and days of fast and abstinence are those on which meat or meat broth are forbidden.

Distribute Ashes  
The first day of lent is Ash Wednesday of this week when ashes are distributed at all Catholic services. This custom dates back to the early Christian church when it was the custom to sprinkle ashes on the heads of those condemned to do penance on that day. The ashes are those of the palms burnt after last Palm Sunday.

Ashes will be distributed at all the Catholic churches here following the morning masses and after the evening services. During lent these churches will observe the season with evening services on Wednesday and Friday evenings. Services will be combined with benediction are the order of services in most churches.

At St. Patrick church services will be held on Wednesday evening of this week but during the other weeks the midweek service will be on Tuesday evenings when the lenten services will be combined with that of the "Our Mother of Perpetual Help" devotion.

## Peace in Orient is Hope of Japan

Tokyo, Feb. 8.—(AP)—Premier Senjuro Hayashi announced today his government would establish a definite foreign policy looking to the realization of peace in the Orient. The premier after a two hour session with his cabinet ministers, made public a five plank program which his critics called "abstract and vague."

Hayashi warned the political parties he would meet hostility with hostility in the event of a deadlock such as that which ousted the Lohi cabinet.

The premier's platform follows:

1. Increase the knowledge of the people of the structure of the national government.
2. Advancement of constitutional government in accordance with the constitution of the empire.
3. Establishment of a definite foreign policy with a view toward materialization of peace in the far east.
4. Perfection of the national defense which is necessary for protection of the empire.
5. Improvement of industry in accordance with "the economic trend at home and abroad," at the same time exercising proper control of industry.

### SEND GAMES TO REFUGEES

Donations of games and equipment for adults and children in the flood area are being sought by the Kankakee Recreation association who will pack and ship a box on Tuesday evening. Games may be left at the "Y" or 684 East Cypress street. Or, if donors will call the Y, someone will pick up their packages.

## NEGOTIATORS DURING LULL IN STRIKE PARLEY

Expressions indicating the strain of long hours of debate in the conference room, these three top negotiators in the General Motors sitdown strike are pictured individually as they left the scene of one of the series of parleys. They are Gov. Frank Murphy, left, who took the role of mediator between William S. Knudsen of General Motors, center, and John L. Lewis, head of the C. I. O.

## Plane Cracks Up in the Air; Four Persons Killed

Louisburg, N. C., Feb. 8.—(AP)—Authorities sought some explanation today of the crack-up of a plane which apparently went to pieces over a farm community near here yesterday, hurling all four occupants to their deaths.

The plane, Coroner W. A. Bobbitt said, was scattered over ten to 15 acres, and "it just looked like the plane went all to pieces." One wing, he said, fell some 400 yards from where the motor hit the ground, and the gas tank was also separated from the rest of the ship. The plane did not catch fire.

The dead were identified as Arthur Conn, president of a motor sales and a taxicab company in Akron, O.; Daniel L. Breen, of Akron, vice president of the motor sales concern; Chet H. Betz, the pilot, also of Akron; and Miss Carolina Danley, of Miami, Fla.

The bodies of two of the men, Coroner Bobbitt said, fell in front of a farm home, several hundred yards from the wreckage, as if the men might have jumped from the doomed craft.

The ship, owned by Conn, was a 1935 model (Waco), radio-equipped.

## Two Naval Fliers Killed in a Crash

Pensacola, Fla., Feb. 8.—(AP)—Two United States navy fliers were killed today by the crash of a plane in which they were making flights to obtain flying condition information for the weather bureau.

The victims were Carl August Lipd, 29, pilot and mechanic mate, first class, at the naval air station here, and William Adam Schnoberger, 39, of South Haven, Mich., chief aviator for the station's weather bureau.

A naval board of inquiry was appointed to investigate.

Mexico City, Feb. 8.—(AP)—Rescued from shark-infested waters in which their plane fell Rear Admiral Ernest J. King, chief of aeronautics, U. S. N., and eight other men were headed by ship today for Panama. They were taking off from the Pacific ocean harbor at Acapulco when their naval seaplane fell from an altitude of about 20 feet, eye witnesses said.

Two boats from the aircraft tender Wright picked the men from the bay as the plane was about to sink. They were taken aboard the Wright and continued on it to Panama.

## 5 Couples Licensed Over the Week-End

Five couples, most of them from Kankakee county, obtained marriage licenses Saturday afternoon and this morning in the office of County Clerk Walter J. Richert.

Those to whom licenses were issued on Saturday are—Edward Weller of Chilli, Ind., and Harriet St. Jacques of Mokenzie; Jesse Richard, 41, of Limestone and Claire Boudreau, 31, of Kankakee; Raymond Cramish, 21, and Doris Anderson, 21, both of Kankakee; Ralph W. Wynne, 22, and Cecile Benoit, 17, both of Kankakee.

A license was obtained this morning by Carl William Giel and Minnie Marion Thuesen, both of Chenequa.

Miss Rosemary Strickland of Bradley spent the week-end in Chicago with Mr. and Mrs. Stanley Machnick.

## MOTOR STRIKE NEGOTIATIONS ARE RESUMED

No Indication That  
Deadlock on Issue  
is Broken.

Detroit, Feb. 8.—(AP)—Conferees seeking a settlement of General Motors strikes resumed their negotiations at 10:15 a. m. (est) today. There was no outward indication that a deadlock on the issue of "sole recognition" in 20 plants had been shaken by week-end developments.

Gov. Murphy remained outwardly optimistic, but some persons close to the proceedings did not share his view.

The governor told newsmen that he had communicated with the White House yesterday. It was indicated that he and James F. Dwyer, federal labor conciliator, were exerting increased influence on both sides to recede from their firm positions.

In the first formal statement issued by any of the conferees since the conversations began last Wednesday, Gov. Murphy said Saturday night after the ninth meeting that the stalemate centered on the issue of recognizing the UAW as the sole collective bargaining agency for all General Motors workers in 20 of the corporation's 69 plants in the United States.

Ready for Emergency  
In the partly-militarized strike center of Flint, Mich., where 44,000 strikers hold three General Motors plants—two of them in defiance of an injunction—two-thirds of the Michigan national guard was ready for emergency duty. Twelve hundred began their second week of patrolling an area which includes two of the strike-held plants and several other General Motors factories.

Homer Martin, youthful UAWA president, returned to Michigan for further speeches after telling a Cleveland audience last night that "this is a battle between the auto-erats, Tories and gigolos of Wall street, an old democracy of America."

He said he would go to Pontiac, Mich., tonight, Lansing, Mich., tomorrow night and Janesville, Wis.

## Father Maguire to Lecture Thursday About Communism

"Communism the Destroyer" will be discussed by the Rev. J. W. R. Maguire of St. Viator college at 8 o'clock Thursday evening in the K. C. hall. The discussion is part of the nationwide program of the Knights of Columbus crusade against communism and is open to the public.

Father Maguire, a nationally known speaker, is considered thoroughly acquainted with this subject by reason of his long association with various labor bodies and his former connection with national arbitration boards, in addition to economic problems which have been made his life study.

In addition to sponsoring this discussion, the local knights-in-cooperation with 2,500 other chapters in America, are seeking local facts concerning Communism and other subversive influences, according to Grand Knight Z. L. Duchene.

The fraternity's crusade is directed as a counter attack against the forces tending to disrupt North American ideals of democracy. Local men acting as commanders and crusaders have been selected to direct council members in their efforts.

## Woman Says Husband Is Adulterer

A suit for divorce by Mrs. Myrtle Matkocks of Kankakee against her husband Orval, whom she charges with adultery, was filed today in the office of Circuit Clerk Albert Tetrault by the law firm of Gower, Gray & Gower.

The Matkocks were married on June 28, 1924 and have an 11-year old daughter Doris Ideila, in the custody of the mother.

Mrs. Matkocks charges that her husband, in the latter part of 1931 and early part of 1932 in Kankakee and Bradley, committed adultery with one Frieda Loudermilk and "divers other persons unknown."

In July of 1929 Mrs. Matkocks obtained a decree of separate maintenance in which the husband was ordered to pay \$30 monthly for the support of the child. The wife now alleges he is in arrears \$138.

Besides divorce, she asks that her husband be required to pay the attorney fees, support for the child and the back payments.

## 3 Boys and 2 Girls Held for a Murder

Donaldsonville, La., Feb. 8.—(AP)—Three young men and two girls were in jail today charged with murdering 16-year-old Genevieve Legnon after a night club party two weeks ago.

The five, all from Donaldsonville, were held incommunicado and beyond confirming reports that the girl died of a fractured skull, investigating officers kept strict silence on the case.

The dead girl's father, Etienne Legnon, a new Iberia, La., carpenter, filed the complaint that led to the investigation and arrest of Cleo Miller, Simon Melancon, Lereone Miliano, Ralph Falsetto and Louise Wilson.

Genevieve's death originally was reported as a highway accident. That it was being investigated was not disclosed until Sheriff Lester Gonzales of Ascension Parish announced he had arrested the quintet.

## Court Reform Is Opposed By Californian

Washington, Feb. 8.—(AP)—Senator Hiram Johnson of California returned to the capitol today and immediately took a leading position in the battle to defeat President Roosevelt's court reorganization program.

In a formal statement, Johnson said:

"The issue, stripped of its verbiage, seems to me plain: Shall the congress make the supreme court subservient to the presidency?"

He thus aligned himself with Senator Borah (R-Ida) and others who are preparing to take the president's program to the nation.

Johnson is one of the little band of Republicans who supported Roosevelt for the presidency in 1932. He did not, however, take any part in the president's re-election campaign.

The Californian issued his statement just before Chairman Ashurst (D-Ariz) and Sumners (D-Tex) of the senate and house judiciary committees went to the White House for a luncheon conference with the president to discuss the court reorganization proposals.

"The implications of this are so grave and far-reaching," Johnson said, "I can do but one thing, and that is, to the limit of my capacity, oppose this extraordinary legislation."

Johnson has been in Florida recuperating from a long illness.

## ICE ON STREETS CRACKS UP CARS SUNDAY NIGHT

Four Are Injured In  
Seven Accidents  
Near Here.

Icy streets and highways were blamed for most of the week-end automobile accidents. Four people received injuries in the seven reported crashes.

George Wulff, 33, of 471 North Washington avenue, an employee of the Florence Stove company, sustained a fractured leg when struck by an automobile while walking across Station street near the plant on his way to work at 11:30 o'clock Saturday evening.

The auto was driven by William Chittum, 380 South Main street. Wulff was removed to St. Mary hospital where it was learned that both bones had been broken in his leg.

Chicagoans Hurt  
Three persons, all of Chicago, were slightly injured in an auto crash on highway 49 near Manteno last night caused by the sleet covered road.

They are Mr. and Mrs. Robert Ryan and Ravena Ryan, all of 13232

## City Firemen Save Home at St. George

City firemen made a run to the farm home of Eugene Monette a mile west of St. George on Sunday morning to extinguish a fire which started inside the attic from a defective chimney. Damage was estimated at \$100.

The Monette volunteers were at the scene and assisted, too. City firemen had to chop a hole in the roof to get at the source of the fire. Smoke caused considerable damage. The structure, however, was saved.

## Noted Chicago Lawyer Will Address Forum on Tuesday

William D. Saltiel, Chicago lawyer and lecturer and a former attorney for that city, will be the speaker at the concluding meeting of the Kankakee Forum on Tuesday evening at the Kankakee high school auditorium. The high school band directed by George E. Piersol will provide the musical prelude.

Mr. Saltiel was accused in place of Edward Price Bell, former foreign correspondent for the Chicago Daily News, who was recently stricken with beriberi and is unable to fill any more engagements.

In "Who's Who?" The speaker comes to Kankakee with an impressive reputation and those who have heard him say this

### LARGE SEAPORT

BULLETIN  
Blairitz, France, Feb. 8.—(UP)—Advice from the southern Spanish port of Malaga today reported that Gen. Gonzalo Quipio de Llano, rebel commander, found the Llanos had shot most of the hostages held there before retreating from the war zone.

The rebel leader found hundreds of dead and wounded in the streets when he marched into Malaga at the head of a triumphant insurgent column, the dispatches said.

Quipio de Llano announced immediate curfew for all prisoners, adding that the "condemned" Marxists will be executed instantly.

BULLETIN  
Madrid, Feb. 8.—(UP)—An official communiqué asserted today that more than 500,000 persons had been evacuated from Madrid. It would be necessary to evacuate between 250,000 and 300,000 more to re-establish proper living conditions in the capital, it was said.

BULLETIN  
Rabat, French Morocco, Feb. 8.—(AP)—The insurgent radio station at Cordoba announced today the insurgent fleet, occupying the Port of Malaga, had seized a head filled with government officials of the city.

By MICHAEL MCKEEN  
Gibraltar, Feb. 8.—(UP)—The rebels have captured Malaga, Spain's second largest seaport, giving them virtual control of the southern coast of Spain on the Mediterranean. Insurgent sources proclaimed today.

The air was filled with jubilant rebel broadcasts announcing the fall of the strategically important city.

The Salamanca radio station transmitted an official vote from the headquarters of Gen. Francisco Franco, insurgent commander, which said:

Populace Ecstasied  
"This morning the southern army under Gen. Gonzalo Quipio de Llano occupied Malaga. The army reached the center of the city, whose population received the liberating army with indescribable enthusiasm and thanks for their delivery from the Nazi hell."

A broadcast from Malaga said the first insurgent column entering the city was composed exclusively of the foreign legion and troops from Morocco, who captured hundreds of

## River is Receding Despite Big Rain

In spite of almost six inches of precipitation in January and so far this month, not counting this morning's downpour, the height of the river is down to 3.1 feet.

The 5.24 inches of precipitation includes 1.37 inches of snow, the biggest fall of snow having been on Feb. 4 when the fall was 1.91 inches.

The record of precipitation by the Kankakee Water company follows—10 inches of Jan. 7, 1.33 inches on Jan. 8, .34 inches on Jan. 9, .30 inches on Jan. 13, .25 inches (snow) on Jan. 14, .04 inches (snow) on Jan. 21, .07 inches (snow) on Jan. 22, 1.15 inches on Jan. 24, 1.35 inches on Jan. 31, 1.01 inches (snow) on Feb. 4.

## Local Prices

In some instances near the close, trends generally pointed substantially upward. Fast trading periods were interspersed with slow intervals and transfers approximated \$3,000,000 share.

New York Feb. 8.—(U.P.)—U. S. Steel crashed through par in today's stock market for a gain of more than 2 points at a trading volume of about 1 million shares. The crash was topped and many other trading headlines followed the leader.

The closing was not without several stumbling blocks, however, and near the fourth hour, extreme advances had been made by a number of instances.

Deadlock in the General Motors price negotiations apparently was offset to some extent by industrial progress elsewhere.

The Federal Reserve Board and the nation's judiciary; reform plans also to have lost their influence on price trends.

Strength of carrier loans gave the bond division a brighter hue. Selected rail stock were also prominent in the early forward tilt. Commodities were quiet.

## COMMITTEE IS DIVIDED OVER COURT REFORM

Senate Judiciary Body Ready to Consider.

### OPINIONS VARY

Washington, Feb. 8.—(AP)—Members of congress turned today from animated private discussions of the president's court reorganization proposals to the long, formal process of deciding whether to enact them into law.

Even before the administration measure was officially before it, the senate judiciary committee was ready to talk it over at a morning session.

Comments of some members showed the committee was divided on the president's recommendations, particularly on his proposal that an additional justice be named to the supreme court whenever a member over the age of 70 did not retire. Mr. Roosevelt suggested 18 as the maximum membership.

Expect Heated Debate  
Chairman Ashurst (D-Ariz.) said he would offer a bill to carry out Mr. Roosevelt's suggestions. It was introduced in the house Friday by Rep. Mawerick (D-Tex.) and the house judiciary committee will begin studying it tomorrow.

Although regular debate will not begin in either branch until the committee report on the legislation, discussion has been so widespread that many members predicted it would break out on the floor at any time.

Opinions about the prospects of the legislation differed. Administration leaders predicted it would be approved, but they agreed party lines would be split.

In the senate, there already were expressions of opposition from Senators Borah (R-Idaho), Glass (D-Va.), Vandenberg (R-Mich.), Bailey (D-Ind.) and others.

Members who opposed Borah's famous fight against the league of nations wondered if he would lead another historic debate on the court issue.

Discussions Not Limited  
Discussion was not limited to congress. The national conference of constitutional amendment called a meeting in Washington for March 18 to 20 to hear representatives of organizations whose members have suffered because of the paralysis of the popular will arising from judicial review of legislation.

The group, headed by Senator Norris (Ind-Neb.), was formed last month by congressmen and others seeking to limit federal court powers. The invitations said the committee was not bound to advance to any particular course of action.

Norris, speaking last night to the national conference for Palestine, praised Justice Brandeis, eldest member of the court who many times has rendered minority opinions.

"Justice Brandeis' dissenting opinion," he said, "now believed in by a large majority of the American people, will ultimately become the universal law of the land."

The nine justices themselves—six are over 70—remained silent on the president's recommendations. There was a possibility they would be invited to testify at the senate or house committee hearings. Two senators have urged such a course.

### Danforth Church Gives \$129 Relief

Danforth, Feb. 8.—(RN Special)—The Reformed church of Danforth sent to the Danforth Red Cross on Thursday a donation of \$129.04 for flood relief. A shipment of clothing and bedding was dispatched from Danforth on Friday for the flood sufferers. Donations are still coming in.

Funeral services were held recently for Herman Simons Sr. at the Lutheran church with Rev. C. F. Halferman in charge. The deceased had been in poor health for a long time. He leaves his wife, two sons and two daughters: William and Henry Simons and Mrs. Amelia Diklen of Danforth and Mrs. Sophia Werth of Pekin, Ill. Interment was in the Danforth cemetery.

Rev. Schriver and family returned Thursday from Monroe, Wis., where they attended the funeral of a relative. They took Mrs. Babler with them who remained for a longer stay.

The Jolly Neighbors club met and elected officers last Wednesday. The new officers are: President, Mrs. John Shule; vice president, Mrs. August Parks; secretary, Miss Clara Borchers; recording secretary, Miss Leona Bull. The club donated \$10 to the Red Cross for flood sufferers.

### ARE YOU Miserable?

MANY women suffering from headache, backache, nervousness, irritability, due to functional disturbances, should try that vegetable tonic favorably known for nearly 70 years as Dr. Pierce's Favorite Prescription. It stimulates appetite, builds up the system, and finally all the misery was relieved. My advice to both young girls and women is to try Dr. Pierce's Favorite Prescription as a tonic. Buy of your druggist.

In Prescription. Dr. Pierce's Favorite Prescription. Read this: Mrs. C. R. Jelan of 405 Detroit St., Jackson, Mich., said: "I suffered from all in my back and sides, also had backaches and would become very nervous associated with functional disturbances. I took Dr. Pierce's Favorite Prescription as a tonic and it helped my appetite and I soon felt stronger and finally all the misery was relieved. My advice to both young girls and women is to try Dr. Pierce's Favorite Prescription as a tonic. Buy of your druggist."

## OUR BOARDING HOUSE

Mrs. Edith Wilken will be the next hostess. Refreshments were served. The Jolly Neighbors met Monday night for a euchre party at the John Shule home. Refreshments were served. ## Funeral Services for Elihu Root to Be Held Tomorrow

New York, Feb. 8.—(AP)—Elihu Root is gone from the stage of world statesmen and diplomat.

Scores of the nation's prominent, mourning his death yesterday at 91, hailed him for his accomplishments in many fields.

Simple funeral services will be held tomorrow on the campus of his Alma Mater, Hamilton college, at Clinton, N. Y., where he was born and grew to manhood. Burial will be at Clinton.

Death came early Sunday to the man whose career carried him to international prominence in the cabinets of William McKinley and Theodore Roosevelt, and later during the years following the world war.

He became ill of bronchial pneumonia several days ago. With him at the end were his three children.

Elihu Root, Jr., Edward Root, and Mrs. U. S. Grant, 3rd. He would have been 92 next Monday.

After graduating with honors at Hamilton, where his father was a professor, he received his law degree in two years from New York university.

As secretary of war under President McKinley he reorganized the war department, setting up the army war college and the general staff system.

In my judgment," said Newton D. Baker, secretary of war in the Wilson cabinet, "he did more for the army and national defense of the country than any other man who ever occupied that office (secretary of war)."

Root became secretary of state in Theodore Roosevelt's cabinet and concluded 75 treaties with foreign governments while holding that post.

In 1909 he was elected United States senator from New York and served until 1915.

Root was an organizer of the world court, served as delegate to the 1921 Washington arms conferences, and was a member of the

Hague's permanent court of arbitration.

Seek Playmate of Slain Lombard Boy

Lombard, Ill., Feb. 8.—(UP)—Police searched today for the playmate who they believed saw Roger Loomis, 6, enter the car of the man who tortured and strangled him to death and abandoned his body in a snow-bank.

Mrs. George Loomis said she talked to the boy while she was seeking her son Thursday afternoon, before she knew of his death. The boy said he saw Roger get into a car with a man. She did not know the boy's name, Mrs. Loomis said.

Police believe a sex moron responsible for the murder. They planned to question a suspected sex offender arrested in another Chicago suburb and said to answer the vague description of the Loomis abductor.
